TRADITION OF COURAGE

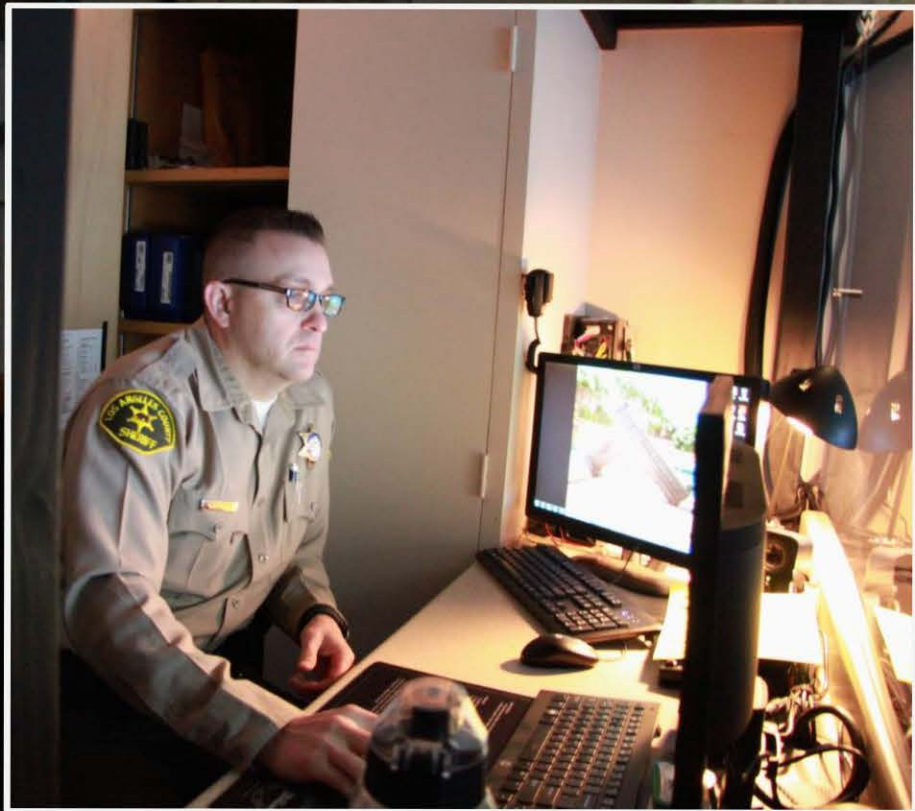

A SYMBOL OF HONOR, INTEGRITY AND SERVICE. MANY TO WEAR IT. ONLY A FEW CAN. A VERY SPECIAL FEW. OF THE FEW. SOME OF US HAVE PAID HEAVILY FOR WEAR THE BADGE. IN THOSE QUIET AND THOUGHTFUL MOMENTS. I REMEMBER AND HONOR THEM. YOU'VE SEEN THINGS THEY'VE FORGOTTEN AND WALKED WHERE MOST MEN FEAR. YOU'VE ALSO KNOWN THE GOOD TIMES OF SERVING OTHERS. YOU'VE SEEN THE PAIN OF OTHERS. YOU'VE SEEN THE BIG MOMENTS. THE WINS AND THE LOSSES. YOU ARE PART OF A LINE OF BRAVE AND VALIANT SERVANTS. YOU'RE A PART OF A TRADITION. LIKE THE KID OF OLD. THE RIGHT TO WEAR THE BADGE IS ROOTED IN MORE THAN AN OATH. IT'S EARNED EVERYDAY BY YOU.

Autism, the numbers:

- Autism is the fastest-growing developmental disability in the nation.
- Affects 1 in 45 individuals in the U.S.
- Numbers are increasing by 10 - 17 % annually
- Autism is more prevalent in boys than in girls by three to one
- Causes are unknown

Autism and Law Enforcement:

People with developmental disabilities are 7 times more likely to encounter law enforcement than typical individuals

Reasons Law Enforcement Might Be Called:

- Wandering/elopement
- Self-injurious or repetitive behavior
- Peering into windows of cars or homes
- Moving merchandise around stores
- Turning faucets or lights on and off
- Erroneous reports of child abuse or assault against adult caregiver, who is actually trying to calm autistic person.
- Parents need help de-escalating a crisis in the home.

Risks to Autistic Population:

Wandering/elopement:

- Close to half of autistic children are prone to wandering and will attempt to roam from a safe environment.
- Accidental drowning accounts for 91% of deaths reported in children with autism under the age of 14. Traffic deaths come in second.

Risks to Autistic Population continued:

- **Victimization:** more than 35% of people with autism are crime victims.
- **Unintended crimes:** autistic people are very gullible and often don't understand when they are being manipulated.
- **Unintended injury:** communication disorders can lead to misunderstandings with local community members, classmates, co-workers and first responders.

Identifying Autism:

- Speech and communication issues
- Social and behavioral symptoms

Responding to a call:

- How to maximize the chances of a positive outcome

Group Breakout Session – Scenarios:

1. How do you keep yourself and others safe?
1. What to look for to assess behavior – could this be someone with autism?
1. Come up with strategies for de-escalating and resolving situation.
